

SLACKERS WILL BE RUN TO EARTH BY MARSHAL SMIDDY

Preparations Being Made For Big Hunt For Shirkers Who Want To Avoid Serving Country

THOSE WHO FAILED TO REGISTER HAVE CHANCE

Unless Their Cards Are Filed Within Five Days They Will Be Rounded Up By Authorities

Marshal Smiddy, while he would not say so in so many words, indicated yesterday that he is already making preparations for a big hunt for slackers and shirkers, the class of men who would stay at home and let some one else do their fighting for them.

"They've got five days in which to make up their minds that if would be better for them to get busy and see that their cards are filed," said the marshal yesterday afternoon. "After that we are going for them hot foot. I have instructions to spare no time, money or effort to get these men. All who come within the registration ages must register. That is all there is to it and for such as fail there is the jail."

Francis J. Green, executive officer of the central registration board, was on the job bright and early yesterday morning, clearing up the stray odds and ends of the big day. He also announced that the government is getting ready to go after the slackers, should these prove to be any in Hawaii, and intends to give them no quarter.

"We are going to comb these islands with a fine tooth comb for the men who have failed to register. Our arrangements go into all sorts of places and work all sorts of ways," he added. "We are going to see to it that no one who should be on our lists escapes registration. I have no idea of the number of men who failed to register Tuesday, and will have to register before August 6, but I do not believe that comparatively there are very many of them. The system we worked out for Tuesday proved effective for the most part, as the totals of the registration proved beyond all doubt."

The appointment of the selective or exemption boards will be announced within a few days, probably the first of next week, and it is believed that the work of getting the machinery of these boards in working order will take the rest of the month. No one here could venture a guess at the date of the draft drawing, nor how it would be done, but it was asserted in some quarters that in all probability Washington will follow the same plan adopted with the mainland drawing, after announcing the quota of men which Hawaii must furnish for the national army. This is likely to be in the vicinity of two thousand men, it was said at the Capitol yesterday afternoon, but the guessers admitted that they had nothing beyond a guess to go upon.

Mr. Green pointed out that the work of the exemption boards will be to deal with each case submitted, on its merits, and that no classes will be excused as classes. The rules governing exemption from active service were issued for the mainland by the President early last month, and it is believed that they will have force, with certain possible modifications to meet local conditions in these islands.

As a general thing the boards that handled the registration will have charge of the work of making the selections under the drawing of the draft. The work will be rushed with all possible speed, the rules providing that the decision in any individual case shall not be delayed more than three days in the country, or five days if carried to the Territorial board. It is thought that the whole work can be accomplished within thirty days after it has commenced.

The next step will be the physical examination, which if passed successfully is followed by the question of exemption on other grounds. The following is a list of persons who must be exempted under the law:

Officers of the United States, of the states, territories, and the District of Columbia; ministers of religion, students of divinity, persons in the military or naval service of the United States, subjects of Germany, all other aliens who have not taken out first papers, county or municipal officers, custom house clerks, workmen in federal armories, arsenals and navy yards, persons in the federal service designated by the President for exemption, pilots, merchant marine sailors, those with a status with respect to dependents which renders their exclusion desirable (a married man with dependent, aged or infirm parent, or brother or dependent orphan child less than sixteen years old), those found morally deficient, and any member of any well recognized religious sect existing May 19, 1917, whose creed forbids participation in war and whose religious convictions accord with the creed.

PLACE MACHINERY FOR NEW GAS PLANT

Progress of Hilo Concern Continues Satisfactory and Start Is Expected Next Month.

(Mail Special To The Advertiser)

HILO, July 29.—The erection of the Hilo Gas Company's plant is proceeding apace, and unless some unforeseen circumstance arises gas will be available early in September. A considerable amount of machinery is already in position and the balance is being put together rapidly.

In order that the supply of gas ranges may not be delayed, the Gas Company yesterday purchased from the Volcano Stables an additional truck. Heretofore only one truck has been used for transportation purposes but this was not sufficient to cope with the continued increase in business.

For the express purpose of lining the gas generators, Joseph Gibson, expert brick mason from Los Angeles arrived in Hilo Monday, and is now hard at work. Mr. Gibson who has had thirteen years' experience in this class of masonry is an expert in his particular line, and was borrowed by the local gas company from a firm in Los Angeles.

"It takes a man thoroughly conversant with the lining of generators to do that class of work," said J. M. Berkeley yesterday, "and in securing Mr. Gibson no reflection is intended against any local brick masons."

RECEIVE NEWS OF MONTANA-BINGHAM

Message Is Said To Be Best Received By Shareholders Here of Copper Property

In a cable received yesterday good news for holders of Montana-Bingham stock was contained, as a matter of fact brokers considered it the best cable yet received. It said:

"Two cars are at smelter, two on road and four more ready for shipment, together with two cars of concentrates. These should not over eight thousand. Rolls, jigs and classifiers were delayed, but are now being installed; filter was shipped July 26. When complete these greatly increase capacity of mill, producing a better grade of concentrates, with much higher savings."

Mine development of Fortuna ore bodies increasing in size and value. Showing in Montana-Bingham tunnel are assuring ore bodies going to depth.

Special interests are now beginning to recognize the property as one of the big mines in the district."

LIONEL HART WILL FIGHT EXTRADITION

Captain of Detectives McDuffie's stay on the Coast is liable to be prolonged while Lionel K. Hart, wanted for shady stock transactions in Honolulu, fights extradition. That the stock and bond man whose victims in Honolulu are said to number a score or so, is going to make an effort to dodge justice is the word brought back from San Francisco by Deputy High Sheriff Patrick Gleason, who was on an arrival on the Maui yesterday morning. Hart's opposition to extradition was apparently not expected. His wife, whom he married the day before he hurriedly left Honolulu for the Orient, and who was Julia Beckley, returned on the same steamer.

SCHOOL FOR DEFECTIVES TO RECEIVE ATTENTION

Two New Teachers Will Join School Next September

At the coming meeting of the commissioners of education, to be held August 13 or 20, Henry W. Kinney, superintendent of public instruction, intends to submit to the commissioners a plan whereby defective children may be taken in automobiles to the expense of the government to and from the special school provided by the legislature for them.

With the opening in September of the school for defective children, two new teachers will be added to the institution, which is now being maintained in a building at the rear of the Kailua School in Palama. The new teachers will be Miss Josephine J. Thomas, University of Indiana graduate, who was a phenologist in the juvenile court of Chicago, and Miss Sarah McBride, a graduate teacher of Miss Garrett's school for deaf in Philadelphia.

Miss Gertrude A. Mason, who has been head of the local school for defectives, will remain at her post. She will give her time particularly to the deaf. Miss Thomas will do general school work.

The last legislature appropriated \$35,000 for a new building for the school for defectives, but nothing will be done in this regard until a suitable place can be found. There have been ten pupils at the school, with two teachers, and with the increase of the faculty to four it is expected that there will be a much larger registration at the school, and particularly so after the new building is in use. If defective pupils are taken to and from the school in automobiles, as Mr. Kinney proposes to recommend to the school commissioners, practically every defective child in the Territory will likely be enrolled, especially if the government is to pay for the gasoline.

SCHEDULE OF TEACHERS' EXAMINATIONS ISSUED

To Be Held At Normal School On August 6, 7 and 8

The following schedule has been issued by the department of public instruction for the teachers' examinations to be held in Honolulu on August 6-8:

Primary Grade Examinations
August 6, 1917
8:00-10:30 Methods 1, First 2. Second.
10:30-11:30 Agriculture
11:30-12:00 Spelling
1:30-3:30 Geography
3:30-4:30 Physical Training
August 7, 1917
8:00-10:30 Grammar
10:30-12:00 Hygiene, Sanitation and Physiology
1:30-3:00 History
3:00-4:30 Composition
August 8, 1917
8:00-10:30 Arithmetic
10:30-12:00 Drawing
1:30-3:30 Literature
3:30-4:30 Vocational Education
Grammar Grade Examinations
August 6, 1917
8:00-11:00 Geography
11:00-12:00 Drawing
1:30-4:00 Plane Geometry
August 7, 1917
8:00-10:30 Algebra
10:30-12:00 Elementary Science
1:30-4:00 Professional Knowledge
August 8, 1917
8:00-10:00 English
10:00-12:00 History.

SCHROEDER'S BOND CAUSES SURETIES GRAVE MISGIVING

Unless He Leaves For Coast Next Wednesday They Will Surrender Him To Marshal

INDICTED GERMAN SAYS HE WILL SAIL ON MAUI

Bonding Company Tried To Back Out of Its Bargain But Huber Declines To Take Action

Unless Heinrich Augustus Schroeder, clerk of H. Hackfeld & Company, who is under federal indictment in connection with the Hindu uprising plots leaves for San Francisco on the Maui sailing next Wednesday, he will be surrendered by his bondmen.

The bonding company that went on its bond of \$10,000 for his safe appearance before the federal court in San Francisco wants to back out of its bargain and quash the bond.

Efforts to that end were made yesterday morning by the local agents of the bonding company, following the receipt from the main office in Hartford, Connecticut, of advices disapproving the issuance of the ten thousand dollar bond here. Local representatives of the company declined absolutely to talk of the matter yesterday morning, but the general facts in the case leaked out despite this effort to keep the whole affair secret.

It appears that when the information that the bonding agency here has gone on Schroeder's bail for the limit of which the company goes in such cases, reached the main office, it was pointed out that the company already was on the bond of George Rodick charged in the same case with a similar offense against the laws of the United States. It was also pointed out that Schroeder is an alien enemy, and that he is on his bond perilously close to a violation of the trading with the enemy law which was passed by congress shortly after the outbreak of war with the Hun.

Whether or not this is the exact state of affairs is not definitely known here, but it is positively known that the local agents were notified that the company would not approve of bonding Schroeder.

Steps were therefore taken at once to cancel the bond. Frank Thompson, head of the law firm representing Schroeder in this matter, was notified at once that the bonding company wanted to back out of its bargain, and was advised that his client would have to find another bondman.

Thompson then took the matter up with United States Attorney Huber, who, however, declined to act. Huber's position, as he afterwards explained to The Advertiser, was that the bond had left here for the mainland and is now in the high seas; that even if this were not so, the bond calls for the surrender of the body of Schroeder to the federal officials in San Francisco, and that he was unwillingness of the company to carry out the terms of its agreement was not to be abrogated by the bond.

These things being so, the federal authorities here decided that they will take no action, provided the German eschivist leaves the Territory in time to report to the San Francisco court August 15. In order to do this Schroeder must leave on the Maui sailing August 8. This is the steamship, and it is understood that Schroeder has told the federal officials that his arrangements have been made to take that vessel.

Asked for a statement in the case yesterday, Mr. Huber said:

"There is very little that I can say, other than that attorneys for Mr. Schroeder have notified me that the bonding company wishes to withdraw from its bond. This under the circumstances is, as I see it, an impossibility and we do not propose to take any action in the matter. The bond calls for the surrender of the body of Schroeder to the authorities in San Francisco, and we are acting merely as agents for the Coast court. Such being the case, the bond having been signed, sealed and started on its way to San Francisco on the steamer that left here last Saturday, we feel that we could do nothing. The matter is now in the hands of the federal court in San Francisco."

As a matter of fact I cannot see how the bonding company can withdraw under the circumstances. The only way that a bond can be cancelled is by the surrender of the bonded person as stipulated in the bond. To do this Schroeder must be turned over to the federal authorities in San Francisco. This is to be done, and I understand that he will leave on the Maui sailing next Wednesday."

SOCIAL CLUB GIVES AN ENJOYABLE DANCE

The Cavalry and Artillery Social Club gave a very enjoyable dance on Saturday evening, July 28, at the Artillery Pavilion, being attended by a large number of invited guests. Several officers of the Artillery Brigade were among those present.

In the near future the members of the club hope to be able to give a series of dances.

GETS COMMISSION

Sergeant Joseph Peter Poirson, Third Company, Fort Kamehameha, has received his commission as a captain in the officers' reserve corps. It was dated July. Captain Poirson receives an infantry assignment.

SPORTS

M'CREDIE WOULD BRING BASEBALL TEAM TO ISLANDS

But Gleason Is Negotiating With Olympics, and Beaver Manager Must Wait

The large crowd that attended Sunday afternoon's game at Athletic Park between the All-Chinese and Twenty-fifth Infantry was exceedingly gratifying to the park management. Could such crowds be expected all the time, the intention to sell the park would be abandoned. Between 1600 and 1700 persons were at the game. However, two of the best teams of the islands played, and it was the first time they had met for about five months.

A purchaser for the park would not be hard to find. An offer has been made, but the price is not enough to satisfy one interest, although another is willing to accept.

The uncertainty as to what may be done with the park prevents a positive decision to bring a team from the Coast next year. One may be brought this fall. Pat Gleason is on the Coast now negotiating with the Olympics and perhaps others.

Would Have Comedians
Walter McCredie, manager of the All-Chinese team of the Coast League, wishes to bring a team this fall. A letter from Mr. McCredie, received by Ben Hollinger, states that he would like to organize a team of "high class boys that would be a credit to the game." Mr. McCredie proposes to bring eleven men, among whom would be "a couple of star comedians." The American Colored Giants are suggested as likely to be a good card here.

Honolulu League Organized

At a meeting Monday evening the Honolulu League organized for a "major" series. There will be only three teams—Japanese, Chinese and Pirates, which formerly were known as the All-Army. A mercantile league may be organized to play certain raises. The Service First team will be in that league, if one is organized, Ben Hollinger said. Other Commercial League teams have not been approached. Mr. Hollinger said that the Commercial managers, of whom he is one, had not considered a second series. The present series began May 6 and will close Sunday, unless there should be a play-off between the Schumans, Mutuans and Combs. The Commercial League is expected to hold a meeting this week.

The Honolulu League will open play Sunday, August 12. The Pirates will play the Japanese next Sunday. If a rain-raiser is arranged the first game will start at one-thirty o'clock. Otherwise the Pirate-Japanese game will start at three.

Pinelli Plays Great Ball

Ralph Pinelli is about to take some one's job in the Beaver infield. Captain Bill Rodgers, second baseman, who is out of the game because of an injured arm, may find Pinelli in his way, according to Lou Kennedy of the Portland Telegram. Pinelli has been playing third. Sign in (moved from third to second). Hollocher is on short and Borton on first. It must be a classy infield. Pinelli's specialty seems to be sacrifice hits. His fielding continues to be all right.

Reuther to Beavers

The Beavers have been strengthened by the addition of Dutch Reuther, a left-hander, to the pitching staff. He was sent to Portland by the Chicago Cubs in part payment of Hollocher, who will report to the Cubs next year. Reuther was a Beaver last year and was drafted by the Cubs.

FORMER COAST PLAYERS SHINE IN EAST LAND

San Francisco Beats Portland Again—Oakland Does Same To Vernon Tigers

It looks like the ex-Coasters in the big show have made good. Stanley Coveleskie, ex-Beaver hurler, is now one of Cleveland's best pitchers, having won nine and lost eight games. Mays, another former Portland player, has a mark of eight wins and three losses with the Boston champions.

Al Walters, catching for New York, couldn't get started when on the Coast, but after going straight from the Northwestern League to the Yankees he has been considered one of the best catchers in baseball and the critics and fans are amazed at his wonderful pegging. Al is hitting well, for he has a mark of .308.

Detroit is first in team batting and Harry Heilmann, the former Beaver and Seal, is helping keep them there with a mark of .297. Harry gets most of his hits when they are needed and most of them are for extra bases.

"Ping" Bodie is hitting at a .28 clip, but the former Seal "fence buster" is up to his old tricks and when there are men on bases "Ping" generally brings them in. In a recent game, Bodie got a home run with the bases loaded.

Mr. and Mrs. J. T. Phillips, of 779E Luakilo Terrace, welcomed on Tuesday at their home the arrival of a son, who has been named Thomas Newton.

WHITE SOX WREST TOP OF AMERICAN FROM BOSTON SOX

Chicago Wins First of Series; Giants March Along in the National

(Mail Special To The Advertiser)

CHICAGO, July 28.—Nashida, the "boy wonder", pitcher of the J. A. C., who was seriously injured by a fly ball at Moheau Park Wednesday afternoon, is improving and his recovery probably will be complete within a few days. The Davies and Co. boys were practicing on the diamond and a sharp low liner, knocked out by John Raposo hit Nashida, who was standing on the side lines, squarely between the eyes. The unconscious player was immediately taken to the Hilo Hospital, where he was put under the care of Dr. Sexton and several efficient nurses. He was not restored to consciousness, however, until Thursday afternoon, twenty-four hours after the accident. His condition now is reported to be improving and with the best of care his recovery ought to be complete within a few days. It is said, however, that if the ball had hit the boy a little lower than where it did the accident might have been fatal.

NATIONAL LEAGUE

Team	Won	Lost	Pct.
New York	28	20	.587
Philadelphia	27	20	.574
St. Louis	21	24	.467
Cincinnati	21	24	.467
Brooklyn	20	24	.456
Chicago	18	26	.409
Boston	18	26	.409
Pittsburgh	10	34	.294

AMERICAN LEAGUE

Team	Won	Lost	Pct.
Boston	28	19	.596
Chicago	21	27	.438
New York	20	28	.417
Cleveland	19	29	.398
Detroit	18	30	.375
Washington	11	36	.234
Philadelphia	9	38	.200
St. Louis	8	40	.167

The Chicago White Sox regained the lead of the American League, which they lost to the Boston Red Sox Tuesday, by winning from the Red Sox yesterday, 4 to 0. It was the first Chicago win, Boston having taken two straight. The lead of Chicago is only one point, 622 to 621. The Coast newspapers showed that the Red Sox have won one more game than they had been credited with here.

Detroit lost a thirteen-inning game to Washington, 4 to 5. It was the first game Washington had won, Detroit having taken two straight. New York and St. Louis did not play at New York, because of rain. New York is back in third place, Cleveland in fourth and Detroit is fifth. The Yankees are only three points ahead of Cleveland.

Cincinnati Loses Third Straight

In the National League the feature continues to be the defeat of Cincinnati by Brooklyn. The champion Dodgers are doing a bit of miracle work themselves, although their winning streak hasn't yet approached that which carried Cincinnati to second place. Brooklyn beat the Reds for the third time yesterday, 6 to 2, and there by went ahead of Chicago by a fraction of a point. The Dodgers are only three and one-half games behind the Reds. With the Giants out of the National there would be a wonderful race.

But the Giants won again from Pittsburgh yesterday, 3 to 1, making it three victories and one tie in four games. The Phillies won the third in a row from the St. Louis Cards, 2 to 1. So long as the trailing teams continue to pull each other down the Giants cannot be threatened. The race appears to be virtually over now. The last few games have gone far toward settling it.

Corrections In Standings

Chicago and Boston did not play at Chicago because of rain. Chicago has won two of three from the Braves.

In the standings as given above corrections based on the standings as published in the Coast newspapers have been made. The New York Americans are given one more game won and one less lost. Detroit is given one less won and one more lost. The St. Louis are charged with one more defeat. In the National Philadelphia is given one more lost, and St. Louis is given one more won. These are the only changes besides that of the Red Sox.

YESTERDAY'S RESULTS

National League
At Pittsburgh—New York 3, Pittsburgh 1.
At Cincinnati—Brooklyn 6, Cincinnati 2.

American League
At Boston—Boston, no game; rain.
At Philadelphia—Cleveland 6, Philadelphia 5.

At Washington—Washington 5, Detroit 4; thirteen innings.

At New York—St. Louis, no game; rain.

SALT LAKE TAKES ONE FROM ANGELS

San Francisco Beats Portland Again—Oakland Does Same To Vernon Tigers

COAST LEAGUE

Team	Won	Lost	Pct.
San Francisco	20	20	.500
Los Angeles	18	22	.450
Salt Lake	17	23	.429
Oakland	17	23	.429
Portland	16	24	.400
Vernon	10	30	.250

Salt Lake turned on Los Angeles in the first inning yesterday, after losing the opener, and won, 11 to 9; and the Angels lost a game in the standing to the Seals, who beat Portland again, 2 to 1. Oakland won the second in a row from Vernon, 6 to 2.

Corrections have been made in the standings as follows: San Francisco, one more lost; Los Angeles, one more won; Salt Lake, one more won; Oakland, one more lost; Portland, one less lost; Vernon, one less won. These do not change the positions of any teams, but they do better the positions of Los Angeles and Salt Lake as compared with San Francisco.

Yesterday's Results

At San Francisco—San Francisco 2, Portland 1.

At Vernon—Oakland 6, Vernon 2.

At Salt Lake—Salt Lake 11, Los Angeles 9.

NASHIDA BETTER EXPECT RECOVERY

Young Pitcher Who Was Hurt At Hilo Has Narrow Brush With Death

HILO, July 28.—Nashida, the "boy wonder", pitcher of the J. A. C., who was seriously injured by a fly ball at Moheau Park Wednesday afternoon, is improving and his recovery probably will be complete within a few days. The Davies and Co. boys were practicing on the diamond and a sharp low liner, knocked out by John Raposo hit Nashida, who was standing on the side lines, squarely between the eyes. The unconscious player was immediately taken to the Hilo Hospital, where he was put under the care of Dr. Sexton and several efficient nurses. He was not restored to consciousness, however, until Thursday afternoon, twenty-four hours after the accident. His condition now is reported to be improving and with the best of care his recovery ought to be complete within a few days. It is said, however, that if the ball had hit the boy a little lower than where it did the accident might have been fatal.

No Eggs, Milk or Butter

The following recipe shows how an appetizing, wholesome cake can be made without expensive ingredients.

In many other recipes the number of eggs may be reduced one-half or more and often left out altogether by using an additional quantity of Royal Baking Powder, about a teaspoon, in place of each egg omitted. Try the following recipe:
